

Questions about the Kid's Races?

The kids race program is designed to give the kids a taste of what racing through a real race course is like. There are two types of courses we race: a slalom and giant slalom. These are the same courses the on which the adults race. They would race two runs. The total time is their result. The races occur after the adult races. Generally they would start between 1 and 2 in the afternoon.

The kids are placed according to their results into one of five groups: Trail Blazers (young kids attached to a harness), Green Circles, Blue Squares, Black Diamonds, and Snowboards. About fifteen minutes after the races awards will be given out for the groups. We usually meet at the bottom of the hill for this or inside, depending on the resort. There are awards for first, second, and third. In addition to that, kids will also have some swag or other goodie to take home. No one will leave empty handed

Registration takes place in the morning of the race between 8 and 9 in the lodge of the resort next to where the adults are registering for their races. If you are running late and miss the registration time, you can still register. The cost is \$10 for two runs. A waiver must be completed. The waiver is good for the season. Contact me, the kids race chair rej_rej10@yahoo.com and we can make an arrangement.

If there are any further questions, please contact me. See you at the races!
